JOINT CCQCN -CCTP SEMINAR

Wednesday, 12 November 2015

11:00-12:00

2nd Floor Seminar Room of the physics department

Series of lectures:

Aspects of de Sitter spacetimes

Dr. Dionysios Anninos

Institute for Advanced Study, Princeton

Abstract

Classical de Sitter physics; small quantum fluctuations in de Sitter; semiclassical methods and the Wheeler—DeWitt equation; higher-spin de Sitter holography; and if time permits some aspects of holography in the static patch of de Sitter.
